Dear Fellow Shareholders:

On behalf of the Board of Directors, I cordially invite you to attend the 2011 Annual Meeting of Shareholders of FXCM Inc., to be held at 11:00 a.m. (EDT) on June 15, 2011, at the offices of Simpson Thacher & Bartlett, which are located at 425 Lexington Ave., New York, NY 10017. You may obtain directions to our 2011 Annual Meeting of Shareholders location by calling the Secretary of FXCM Inc. at (646) 432-2241.

We are also very pleased to be utilizing the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their shareholders over the Internet. We believe that the e-proxy process will expedite our shareholders' receipt of proxy materials, lower the costs of distribution and reduce the environmental impact of our 2011 Annual Meeting of Shareholders. As a result, most shareholders will receive a Notice of Internet Availability of Proxy Materials and others will receive paper copies of the Proxy Statement, the Proxy Card and our Annual Report. In accordance with this rule, we are sending shareholders of record at the close of business on April 20, 2011 a Notice of Internet Availability of Proxy Materials on or about April 29, 2011. The notice contains instructions on how to access our Proxy Statement and Annual Report and vote online. If you would like to receive a printed copy of our proxy materials from us instead of downloading a printable version from the Internet, please follow the instructions for requesting such materials included in the Notice, as well as in the attached Proxy Statement.

Attached to this letter are a Notice of Annual Meeting of Shareholders and Proxy Statement, which describe the business to be conducted at the Annual Meeting. Whether or not you plan to attend the Annual Meeting, it is important that your shares be represented and voted at the meeting. You may vote your shares by proxy on the Internet, by telephone or by completing, signing and promptly returning a proxy card, or by attending the 2011 Annual Meeting of Shareholders in person.

Thank you for your continued support of FXCM Inc.

Sincerely,

**PROXY STATEMENT
Annual Meeting of Shareholders
June 15, 2011
11:00 a.m. (EDT)**

GENERAL INFORMATION

Why am I being provided with these materials?

We have made the Notice of Internet Availability of Proxy Materials (the "Notice"), this proxy statement (this "Proxy Statement") and our 2010 Annual Report which includes our Annual Report on Form 10-K for the year ended December 31, 2010 (collectively, the "Proxy Materials") available to you on the Internet or, upon your request, have delivered printed versions of these materials to you by mail in connection with the solicitation by the Board of Directors (the "Board of Directors") of FXCM Inc. ("FXCM" or the "Company") of proxies to be voted at our Annual Meeting of Shareholders to be held on June 15, 2011 (the "Annual Meeting"), and at any adjournments or postponements of the Annual Meeting. Directors, officers and other Company employees also may solicit proxies by telephone or otherwise. Banks, brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and, if they request, will be reimbursed for their reasonable expenses. You are invited to attend the Annual Meeting and vote your shares in person.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to the rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide shareholders access to our proxy materials over the Internet. We believe that the e-proxy process will expedite our shareholders' receipt of the Proxy Materials, lower the costs of distribution and reduce the environmental impact of the Annual Meeting. Accordingly, we are sending the Notice on or about April 29, 2011 to shareholders of record entitled to vote at the Annual Meeting. All shareholders will have the ability to access the proxy materials at www.proxyvote.com and to download printable versions of the proxy materials or to request and receive a printed set of the proxy materials from us. Instructions on how to access the proxy materials over the Internet or to request a printed copy from us may be found on the Notice.

What will I need in order to attend the Annual Meeting?

Any shareholder can attend the Annual Meeting at the offices of Simpson Thacher & Bartlett, which are located at 425 Lexington Ave., New York, NY 10017. The meeting will start at 11:00 a.m. (EDT). Shareholders may vote and submit questions while attending the Annual Meeting. In order to attend the Annual Meeting in person, you must bring photo identification, your Notice of Internet Availability of Proxy Materials or proof of ownership. If you hold your shares through a bank, broker or other nominee please bring with you a letter from your bank, broker or other nominee confirming your ownership as of April 20, 2011. You may vote shares held through a bank, broker or other nominee at the Annual Meeting only if you obtain a proxy, executed in your favor, from the record holder (bank, broker or other nominee) giving you the right to vote the shares.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

TABLE OF CONTENTS

What am I voting on?

There are four proposals scheduled to be voted on at the meeting:

- Election of the Directors listed in this Proxy Statement.
- Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
- A non-binding advisory vote to approve the compensation of our named executive officers as disclosed pursuant to the rules of the SEC in this Proxy Statement.
- A non-binding advisory vote to determine whether a shareholder vote to approve the compensation of our named executive officers as disclosed pursuant to the rules of the SEC should occur every one, two or three years.
- Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

Who is entitled to vote?

Holders of Class A common stock of FXCM Inc. and Class B common stock of FXCM Inc. as of the close of business on April 20, 2011 (the "Record Date") may vote at the Annual Meeting or any adjournments or postponements thereof.

What constitutes a quorum?

The holders of a majority of the voting power of the issued and outstanding shares of stock entitled to vote must be present in person or represented by proxy to constitute a quorum for the Annual Meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by "broker non-votes" (as defined below) also are counted as present and entitled to vote for purposes of determining a quorum. However, if you hold your shares through a bank, broker or other nominee (in "street name") and do not provide voting instructions to your bank, broker or other nominee, your shares will not be voted on any proposal on which your bank, broker or other nominee does not have discretionary authority to vote (a "broker non-vote").

How many votes do I have?

If you are a holder of our Class A common stock, then you are entitled to one vote at our Annual Meeting for each share of our Class A common stock that you held as of the close of business on April 20, 2011. If you are a holder of our Class B common stock, then you are entitled to a number of votes at our Annual Meeting that is equal to the number of units in FXCM Holdings, LLC ("Holdings Units") held by you, regardless of the number of shares of Class B common stock held by you. All matters on the agenda for our Annual Meeting will be voted on by the holders of our shares of Class A common stock and Class B common stock voting together as a single class.

As of April 20, 2011, we had 17,319,000 shares of Class A common stock outstanding that will carry an aggregate of 17,319,000 votes and 27 shares of Class B common stock outstanding that will carry an aggregate of 57,981,000 votes (i.e., a number of votes that is equal to the aggregate number of outstanding Holdings Units).

How do I vote my shares?

You may vote in person by attending the Annual Meeting:

- All holders of Class A common stock of FXCM Inc. and Class B common stock of FXCM Inc., including shareholders of record, shareholders who hold their shares in street name, or any other holders of record, are invited to attend the Annual Meeting and vote their shares.
- If you are a shareholder of record and you plan to attend the Annual Meeting, please bring with you photo identification, your Notice of Internet Availability of Proxy Materials or proof of ownership.
- If your shares are held in street name, please bring with you photo identification, your Notice of Internet Availability of Proxy Materials or proof of ownership, a letter from the bank, broker or

other nominee confirming your ownership as of the record date (which is April 20, 2011) and, if you wish to vote your shares at the Annual Meeting, a proxy, executed in your favor, from the record holder of your shares (i.e. the bank, broker, or other nominee).

- Failure to bring any of the documentation above may delay your ability to attend or prevent you from attending the meeting.

If you are a shareholder of record you may vote by granting a proxy:

- *By Internet* — If you have Internet access, you may submit your proxy 24 hours a day, seven days a week by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card. You will need the 12-digit Control Number included on your Notice or your proxy card in order to vote by Internet.
- *By Telephone* — If you have access to a touch-tone telephone, you may submit your proxy 24 hours a day, seven days a week by dialing 1-800-690-6903 and by following the recorded instructions. You will need the 12-digit Control Number included on your Notice or your proxy card in order to vote by telephone.
- *By Mail* — If you have received a printed copy of the Proxy Materials from us by mail, you may vote by mail by completing, signing and dating the enclosed proxy card where indicated and by mailing or otherwise returning the proxy card in the envelope provided to you. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), indicate your name and title or capacity. If you have not received a printed copy of the proxy materials by mail and would like to receive one, request a proxy card from us by following the instructions on your Notice of Internet Availability of Proxy Materials.

If you hold your shares in street name you may also submit voting instructions to your bank, broker or other nominee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the information from your bank, broker or other nominee on how to submit voting instructions.

Internet and telephone voting facilities will close at 11:59 p.m. (EDT) on June 14, 2011 for the voting of shares held by shareholders of record or held in street name.

Mailed proxy cards with respect to shares held of record or in street name must be received no later than June 14, 2011.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares:

- “FOR” each of the nominees to the Board of Directors set forth in this Proxy Statement; and
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
- “FOR” the approval of the compensation of our named executive officers as disclosed pursuant to the rules of the SEC in this Proxy Statement; and
- “ONE YEAR” with respect to how frequently a shareholder vote to approve, in a non-binding advisory vote, the compensation of our named executive officers as disclosed pursuant to the rules of the SEC will be held.
- With respect to any other matters that may be voted on at the Annual Meeting or any adjournments or postponements thereof, in accordance with the discretion of the holders of the proxy.

How many votes are required to approve each proposal?

The election of the Directors listed herein will be determined by a plurality of the votes cast in respect of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of Directors. A plurality vote requirement means that the Director nominees listed herein with the greatest number of votes cast, even if less than a majority, will be elected.

TABLE OF CONTENTS

A majority of the votes cast at the Annual Meeting will determine the ratification of the appointment of the independent registered public accounting firm and the approval of the compensation paid to our named executive officers. For purposes of ascertaining shareholder sentiment regarding whether the vote to approve the compensation paid to our named executive officers should occur every one, two or three years, the Board of Directors will look to the frequency, if any, that receives the majority of votes cast at the Annual Meeting.

It is important to note that the proposals to (i) ratify the selection of the independent registered public accounting firm; (ii) approve the compensation of our named executive officers; and (iii) determine whether the vote to approve the compensation of our named executive officers will occur every one, two or three years, are all non-binding and advisory.

How are votes counted?

Abstentions and Withheld Votes: With respect to the election of Directors listed herein, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote with respect to the nominee from which they are withheld. Abstentions and votes that are withheld will not have any effect on the outcome of the election of Directors. In determining whether (i) the compensation of our named executive officers has been approved; and (ii) the vote to approve the compensation of our named executive officers will occur every one, two or three years, abstentions will have no effect on the outcome of any of these proposals. Finally, for the selection of the independent registered public accounting firm, abstentions will not be counted as votes “for” or “against” against the selection of the independent registered public accounting firm, and, as a result, will have no effect on the outcome of this proposal.

Broker Non-Votes: Broker non-votes occur when shares held in street name are not voted with respect to a proposal because (i) the bank, broker or other nominee has not received voting instructions from the shareholder who beneficially owns the shares; and (ii) the bank, broker or other nominee lacks the authority to vote the shares at his/her discretion. Under current New York Stock Exchange (the “NYSE”) interpretations that govern broker non-votes the election of Directors listed herein, the vote to approve the compensation of our named executive officers and the vote to determine whether the vote to approve the compensation of our named executive officers will occur every one, two or three years are considered non-discretionary matters and a bank, broker or other nominee will lack the authority to vote shares at his/her discretion on these proposals. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is considered a discretionary matter and a bank, broker or other nominee will be permitted to exercise his/her discretion. This NYSE rule governs all banks, brokers and other nominees. Consequently, this rule affects all public companies that have shares held in street name. Accordingly, if your shares are held in street name and you do not submit voting instructions to your bank, broker or other nominee, your shares will not be counted in determining the outcome of the election of Directors listed herein, the vote to approve the compensation of our named executive officers and the vote to determine whether the vote to approve the compensation of our named executive officers will occur every one, two or three years. Broker non-votes will have no effect on the outcome of any of these matters.

If you simply sign and submit your proxy card without voting instructions, your shares will be voted as recommended by the Board of Directors: (i) “FOR” each Director nominee listed herein; (ii) “FOR” the approval of the compensation of our named executive officers; (iii) “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm; and (iv) for “ONE YEAR” with respect to whether the vote to approve the compensation of our named executive officers will occur every one, two or three years. With respect to any other matters that may be voted on at the Annual Meeting or any adjournments or postponements thereof, if you simply sign and submit your proxy card without voting instructions, your shares will be voted in accordance with the discretion of the holders of the proxy.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and David S. Sassoon, General Counsel and Secretary of the Company, will act as Inspector of Elections.

TABLE OF CONTENTS

What does it mean if I receive more than one Notice on or about the same time?

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, please sign and return each proxy card or, if you vote by Internet or telephone, vote once for each Notice you receive.

May I change my vote or revoke my proxy?

Yes. Whether you have voted by Internet, telephone or mail, if you are a shareholder of record, you may change your vote and revoke your proxy by:

- Sending a written statement to that effect to the Secretary of the Company, provided such statement is received no later than June 14, 2011;
- Voting again by Internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (EDT) on June 14, 2011;
- Submitting a properly signed proxy card with a later date that is received no later than June 14, 2011; or
- Attending the Annual Meeting, revoking your proxy and voting in person.

If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy by attending the Annual Meeting, provided that if your shares are held in street name you will need to obtain a proxy, executed in your favor, from the shareholder of record (bank, broker or nominee) to be able to vote at the Annual Meeting. We will honor the proxy with the latest date. However, no revocation will be effective unless we receive notice of such revocation at or prior to the Annual Meeting. For those shareholders who submit a proxy electronically or by telephone, the date on which the proxy is submitted in accordance with the instructions listed on the Notice or proxy card is the date of the proxy.

Could other matters be decided at the Annual Meeting?

At the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement.

If other matters are properly presented at the Annual Meeting for consideration and you are a shareholder of record and have submitted a proxy card, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by Directors, officers or employees (for no additional compensation) in person or by telephone, electronic transmission and facsimile transmission.

Is my vote confidential?

Proxy cards and voting tabulations that identify individual shareholders are mailed or returned directly to the Inspectors of Election and handled in a manner that protects your voting privacy. Your vote will not be disclosed EXCEPT:

- as needed to permit the Inspectors of Election to tabulate and certify the vote;
- as required by law; or
- in limited circumstances such as a proxy contest in opposition to the Board of Directors.

In addition, all comments written on the proxy card or elsewhere will be forwarded to management, but your identity will be kept confidential unless you ask that your name be disclosed.

Will the Annual Meeting be webcast?

The Annual Meeting will be webcast to any and all interested parties by visiting our website at www.fxcm.com under Company Profile: Investor Relations. You will not be able vote your shares electronically or submit questions during the webcast.

David Sakhai, a Director and our Chief Operating Officer, and William Ahdout, a Director, are cousins. There are no other family relationships among any of our Directors, Director nominees or executive officers.

The nominees for election to the Board of Directors named above are hereby proposed for approval by the shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THE ELECTION OF EACH OF THE NOMINEES NAMED ABOVE.

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

The Board of Directors manages or directs the business and affairs of the Company, as provided by Delaware law, and conducts its business through meetings of the Board of Directors and three standing Committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee.

Director Independence and Independence Determinations

Under our Corporate Governance Guidelines and the rules set forth in the NYSE Listed Company Manual (the “NYSE Rules”), the Board of Directors must affirmatively determine which Directors are independent under applicable SEC rules, NYSE Rules and the categorical independence standards set forth in our Corporate Governance Guidelines. The categorical standards are intended to assist the Board of Directors in determining whether or not certain relationships between our Directors and us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us, are “material relationships” for purposes of the NYSE Rules. The categorical standards establish thresholds at which such relationships are deemed not to be material. Our Corporate Governance Guidelines, which include our categorical standards of independence, can be found at our website, www.fxcm.com, under Company Profile: Investor Relations: Corporate Governance: Corporate Governance Guidelines.

The Board of Directors undertook its annual review of Director independence. As a result of this review, the Board of Directors affirmatively determined that each of Messrs. Gruen, Brown, Fish, LeGoff, Silverman and Davis are independent for purposes of the NYSE Rules and are “independent” under the categorical standards set forth in our Corporate Governance Guidelines.

Leadership Structure

Under our Corporate Governance Guidelines, the Board of Directors can select its Chairman and the Company’s Chief Executive Officer in any way it considers to be in the best interests of the Company. Therefore, the Board of Directors does not have a policy on whether the role of Chairman and Chief Executive Officer should be separate or combined and, if it is to be separate, whether the Chairman should be selected from the independent Directors or should be an employee of the Company. Accordingly, Mr. Niv serves as our Chairman and as our Chief Executive Officer, a structure that enables FXCM to take advantage of Mr. Niv’s extensive knowledge of FXCM and foreign exchange trading generally, recognizes the success that we have achieved since Mr. Niv co-founded the Company and facilitates strong communication and coordination between management and the Board of Directors.

The Board of Directors believes that “one-size” does not fit all, and the decision of whether to combine or separate the positions of Chief Executive Officer and Chairman will vary company to company and depend upon a company’s particular circumstances at a given point in time. Accordingly, the Board of Directors carefully considers from time to time whether the Chief Executive Officer and Chairman positions should be combined based on what the Board of Directors believes is best for the Company and its shareholders.

Board structures vary greatly among U.S. public corporations, with over 60% of S&P 500 companies combining the positions of Chief Executive Officer and Chairman and only 15% of the S&P 500 having an independent chairman, according to a recent survey. The Board of Directors does not believe that the evidence demonstrates that any one leadership structure is more effective at creating long-term shareholder value. The Board of Directors believes that an effective leadership structure could be achieved either by combining or separating the Chief Executive Officer and Chairman positions, if the structure encourages the free and open dialogue of competing views and provides for strong checks and balances. Specifically, an effective governance structure must balance the powers of the Chief Executive Officer and the independent Directors and ensure that the independent Directors are fully informed, able to discuss and debate the issues that they deem important, and able to provide effective oversight of management.

The Board of Directors believes that if the positions of Chief Executive Officer and Chairman are combined, then electing, from among the independent Directors, a presiding independent director is necessary for effective governance. Accordingly, the Company’s Corporate Governance Guidelines provide that, in the event the Chief Executive Officer and Chairman positions are combined, the independent members of the Board of Directors will elect a “Presiding Independent Director.” In addition to presiding at executive

sessions of the independent Directors, the responsibilities of the Presiding Independent Director, which are clearly set forth in the Company's Corporate Governance Guidelines, also include:

- Calling, chairing and setting the agenda for executive sessions of the independent Directors;
- Assisting the Chairman in preparing the agenda for Board of Directors meetings and setting meeting schedules;
- Assist the Chairman in determining the types of materials and information that are to be distributed to the Board of Directors;
- Leading the other independent Directors, together with the Compensation Committee, in periodic reviews of the performance of the Chief Executive Officer and determining and approving the CEO's compensation, as well as in discussions regarding the Chief Executive Officer's reports on senior management performance and senior management succession issues and plans;
- Briefing the Chairman on issues arising in the executive sessions of the independent Directors; and
- Serving as a non-exclusive liaison among the independent Directors and the other Board members.

The Board of Directors believes that the responsibilities delegated to the Presiding Independent Director are substantially similar to many of the functions typically fulfilled by a board chairman. The Board of Directors believes that its Presiding Independent Director position balances the need for effective and independent oversight of management with the need for strong, unified leadership. The Board of Directors believes that one of the key elements of effective, independent oversight is that the independent Directors meet in executive session on a regular basis without the presence of management. Because the IPO occurred in December, 2010 the independent Directors did not have the opportunity to meet in executive session in 2010. Going forward, in accordance with our Corporate Governance Guidelines and the NYSE Rules, the independent Directors will hold regularly scheduled executive session with the Presiding Independent Director presiding at such meetings. The independent Directors elected from amongst themselves a Presiding Independent Director at the first executive session in February, 2011. The independent Directors have selected Mr. James Brown as our Presiding Independent Director.

The Board of Directors has established the following Committees: an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. The composition and responsibilities of each Committee are described below. Members serve on these Committees until their resignation or until otherwise determined by the Board of Directors.

On its behalf, the Board of Directors has designated the Audit Committee as responsible for the oversight of the Company’s risk management policies and procedures. The Company is exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. The Audit Committee will discuss with management and the independent auditors the Company’s major financial risk exposures and the steps management will take to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. The Company’s Chief Financial Officer is responsible for the Company’s risk management function and regularly works closely with the Company’s senior executives to identify risks material to the Company. The Chief Financial Officer will report regularly to the Chief Executive Officer and the Audit Committee regarding the Company’s risk management policies and procedures. As set forth in its charter, the Compensation Committee has the authority to select, retain and/or replace, as needed, outside consultants to provide advice to the Compensation Committee in connection with its fulfillment of its responsibilities. The Compensation Committee has not retained an outside consultant. However, in connection with the IPO, our management retained Deloitte Consulting LLP to provide various compensation related consulting services, including: advising on the amount and form of officer and Director compensation, benefit expense and total aggregate compensation for the owner-executives as a percentage of revenue and EBITDA in comparison to other peer companies. In connection with its role in providing compensation related consulting services, Deloitte Consulting LLP billed an aggregate of \$28,000. Director Nomination Process

All members of our current Board of Directors were appointed in 2010 in connection with either the organization of FXCM Inc. or at the time of the IPO. When determining that each of Messrs. serve on the Board of Directors and that each individual has the experience, qualifications, attributes and skills, taken as a whole, to enable the Board of Directors to satisfy its oversight responsibilities effectively in light of our business and structure, we considered the experience and qualifications described above under “Proposal No. 1 — Election of Directors.” We also noted that each of Messrs. Niv, Sakhai, Ahdout, Grossman and Yusupov is a founding partner of our firm and has played an integral role in our successful growth. We placed great emphasis on the deep understanding of our business and insights into our strategic development that each such individual has acquired by participating as one of the original founding partners of FXCM and, together with Mr. Brown (who has been a director of Holdings since 2008), by serving as a director of Holdings. In addition, each of Messrs. Niv, Sakhai, Ahdout, Grossman and Yusupov, as well as Mr. Brown’s firm, owns a substantial equity interest in FXCM and, as a consequence of such alignment of interests with our other equity owners, has additional motivation to diligently fulfill his oversight responsibilities as a member of the Board of Directors. Furthermore, because of their additional roles as executive officers, Mr. Niv, our Chief Executive Officer, and Mr. Sakhai, our Chief Operating Officer, bring a management perspective to the Board of Directors’ deliberations and provide valuable information about the status of our day-to-day operations.

In addition to the advantages noted above that led us to conclude that they were the best candidates to serve on the Board of Directors to protect and grow the value of FXCM, our Directors and Director nominees contribute the following individual strengths:

Mr. Niv: In addition to his unique insights as our Chief Executive Officer, Mr. Niv has an educational background in accounting and career experience in the retail foreign exchange industry as the Director of Marketing for MG Financial Group.

PROPOSAL NO. 2 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Although ratification is not required by our Amended and Restated By-Laws or otherwise, the Board of Directors is submitting the selection of Ernst & Young LLP to our shareholders for ratification because we value our shareholders' views on the Company's independent registered public accounting firm. If our shareholders fail to ratify the selection, it will be considered as notice to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

Representatives of Ernst & Young LLP will be present at the Annual Meeting to answer appropriate questions. They will also have the opportunity to make a statement if they desire to do so.

The shares represented by your proxy will be voted for the ratification of the selection of Ernst & Young LLP unless you specify otherwise.

Audit and Non-Audit Fees

In connection with the audit of the Company's and its predecessor's annual financial statements for the fiscal year ended December 31, 2010, we entered into an agreement with Ernst & Young LLP which sets forth the terms by which Ernst & Young LLP performed audit services for the Company.

Audit Committee Pre-Approval Policies and Procedures

Consistent with SEC policies regarding auditor independence and the Audit Committee's charter, the Audit Committee is directly responsible for the appointment, compensation, retention, oversight and termination of the independent registered public accounting firm engaged (including the resolution of disagreements between management and such firm regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. In exercising this responsibility, the Audit Committee pre-approves all audit and permitted non-audit services provided by the independent registered public accounting firm prior to each engagement going forward. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by Ernst & Young LLP. Under this policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and includes an anticipated budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee has pre-approved several enumerated permitted services, subject to the approval of the Chief Financial Officer, the Controller and/or the Chairman of the Audit Committee, as applicable. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members who are independent directors, when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services; provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Committee at its next scheduled meeting.

Change in Accountants

On June 21, 2010, we dismissed our independent registered public accounting firm, McGladrey & Pullen, LLP, and engaged the services of Ernst & Young LLP as our new independent registered public accounting firm for the fiscal year ended December 31, 2009 and 2010. The board of directors of FXCM Holdings, LLC authorized the dismissal of McGladrey & Pullen and the engagement of Ernst & Young LLP.

The reports of McGladrey & Pullen on our financial statements for the years ended December 31, 2008 and 2007 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2008 and 2007, and the subsequent period preceding the dismissal of McGladrey & Pullen on June 21, 2010, there were no disagreements with McGladrey & Pullen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of McGladrey & Pullen, would have caused it to make reference thereto in its reports on the consolidated financial statements for such periods, and there occurred no "reportable events" within the meaning of Item 304(a)(1) of SEC Regulation S-K.

We have provided McGladrey & Pullen and Ernst & Young LLP with a copy of the foregoing statements.

During the years ended December 31, 2008 and 2007 and the subsequent period preceding the dismissal of McGladrey & Pullen on June 21, 2010, neither we nor anyone on our behalf consulted with Ernst & Young regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of SEC Regulation S-K.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

Audit Committee Report

Under the Audit Committee charter, our management is responsible for the preparation, presentation and integrity of our financial statements, the application of accounting and financial reporting principles and our internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America.

TABLE OF CONTENTS

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, our Audit Committee recommended to the Board of Directors that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2010 filed with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for fiscal year 2010 should be read together with the compensation tables and related disclosures with respect to our current plans, considerations, expectations and determinations regarding compensation.

Executive Summary

The primary objectives of our executive compensation policies are to attract and retain talented executives to effectively manage and lead our company and create value for our equityholders. Our executive compensation program is designed to recognize and reward diligent, intelligent and effective performance that enables our company to grow and to achieve our financial goals.

Prior to the completion of our initial public offering, the compensation packages for our named executive officers, other than the founders of our firm, generally included a base salary, annual cash bonuses and other benefits and perquisites, and the compensation packages for Messrs. Niv and Sakhai, our named executive officers who are also founders of our firm and members of Holdings, generally included guaranteed cash payments in lieu of a base salary and other benefits and perquisites.

Messrs. Niv and Sakhai, participate on the same basis as our other equity owners in cash distributions in respect of their significant ownership interests in our business. We believe that the significant equity ownership that each of Mr. Niv and Mr. Sakhai have in our firm creates significant alignment between the interests of these executives and those of our other equity owners. Finally, contingent upon their compliance with non-competition and non-solicitation covenants, Messrs. Niv and Sakhai are eligible to receive guaranteed cash payments and health insurance benefits for one year following termination of their employment with us.

Following the completion of the Initial Public Offering (“IPO”), each of Mr. Lande, our Chief Financial Officer, David Sassoon, our General Counsel and Secretary and Andreas Putz, our Global Head of FXCM Pro received a stock option award of 100,000, 100,000 and 20,000 shares, respectively, pursuant to our Long-Term Incentive Plan (“LTIP”). We instituted the LTIP as a tool to align the long-term interests of our officers and employees with those of our stockholders.

The discussion below explains our compensation decisions with respect to fiscal year 2010. Our named executive officers for 2010 are Drew Niv, our Chief Executive Officer; Robert Lande, our Chief Financial Officer; David Sakhai, our Chief Operating Officer; Andreas Putz, our Global Head of FXCM Pro and our General Counsel and Secretary, David Sassoon.

Executive Compensation Philosophy

The structure of our current compensation program for our named executive officers other than Messrs. Niv and Sakhai reflects our view that executive compensation components should be set at the minimum levels necessary to successfully attract and retain skilled executives and that are fair and equitable in light of market practices. In setting an individual executive officer’s initial compensation package and the relative allocation among different types of compensation, we consider the nature of the position being filled, the scope of associated responsibilities, the individual’s prior experience and skills and the individual’s compensation expectations, as well as the compensation of existing executive officers at FXCM Inc. and our general impressions of prevailing conditions in the market for executive talent. Because we have historically provided opportunities for our employees to advance within our organization, many of our management positions are filled from our existing pool of employees. We believe that this approach has enabled us to maintain a highly competent and motivated staff without requiring us to aggressively compete in the open market for senior-level talent.

Role of Our Compensation Committee

Since the completion of the IPO, our compensation policies have been established by the Compensation Committee of our Board of Directors, and Messrs. Fish, Gruen, and Brown have served as members of this Compensation Committee.

TABLE OF CONTENTS

Our Compensation Committee evaluates and determines the levels and forms of individual compensation for our named executive officers. Our Compensation Committee reviews and approves compensation for our named executive officers at least annually, generally at the beginning of each fiscal year, consistent with each named executive officer's employment agreement and based on each named executive officer's performance and our overall performance during the prior year.

Compensation Determination Process

Our Compensation Committee determines the compensation of each of our named executive officers and solicits input from our Chief Executive Officer in determining the compensation (particularly base salary and annual cash incentive payments) of our named executive officers other than our Chief Executive Officer.

Elements of Compensation

We generally deliver executive compensation through a combination of annual base salary, annual cash incentive payments, long-term equity incentives and other benefits and perquisites. We believe that this mix of elements is useful in achieving our primary compensation objectives.

Base Salary. Base salaries are intended to provide a fixed level of compensation sufficient to attract and retain an effective management team when considered in combination with other components of our executive compensation program. We believe that the base salary element is required to provide our named executive officers with a stable income stream that is commensurate with their responsibilities and competitive market conditions. Annual base salaries are established on the basis of market conditions at the time we hire an executive. Any subsequent modifications to annual base salaries are influenced by the performance of the executive and by significant changes in market conditions. During 2010, in recognition of their successful performance and continued tenure with FXCM Inc., Mr. Putz and Mr. Sassoon received an annual salary of \$170,000 and \$278,860, respectively. Mr. Lande, who became our Chief Financial Officer in January 2010, receives an annual base salary of \$350,000. Prior to the completion of the IPO, Messrs. Niv and Sakhai received guaranteed cash payments of \$1,020,000 per year. During 2010, Messrs. Niv and Sakhai received an annual base salary of \$765,000. Starting in 2011, Messrs. Niv and Sakhai are entitled to receive an annual base salary of \$800,000.

Annual Cash Bonuses. While we have not historically awarded cash bonuses to Messrs. Niv, Sakhai, Ahdout and Yusupov because they participate in our performance in their capacity as equityholders, in connection with the IPO, we determined that it was appropriate to revisit the terms of our bonus structure with respect to Messrs. Niv and Sakhai in light of the contributions of each of them to the success of our management team in accelerating the growth of our revenues and earnings and in recognition of the increased responsibilities they will have as Chief Executive Officer and Chief Operating Officer, respectively, of a public company. For fiscal 2011, Messrs. Niv and Sakhai will be eligible to receive annual cash bonuses with a target payout of 100% of base salary, or \$800,000, and a maximum payout of 200% of base salary, or \$1,600,000. The amount of the actual bonuses, if any, will be determined based on overall company performance metrics. We have determined that the target growth rate applicable to this new bonus structure will be 20% annually. Moreover, if the growth rate is less than 15% in each metric, no bonus will be payable. Bonus payments for actual results that fall between 75% and 150% of target performance levels will be adjusted on a linear basis. The following table sets forth information regarding the metrics, performance curve and payout curve of these bonuses.

Metric	Weighting	Percentage of 20% Growth Target Attained			
Customer Account Growth	25%	<75%	75%	100%	150%
EPS Growth	50%				
EBITDA Growth	25%				
Payout as percentage of base salary		0%	50%	100%	200%

TABLE OF CONTENTS

The targets for growth in customer accounts, earnings per share and EBITDA to be utilized in our new bonus structure are metrics to be used by us solely to determine the extent to which Messrs. Niv and Sakhai will be entitled to incentive compensation and do not reflect our expectations with respect to, or represent any projection or guidance by us regarding, our future financial or operational performance.

We awarded discretionary annual cash bonuses to Mr. Lande and Sassoon in 2010 to recognize their accomplishments as well as that of FXCM Inc. during 2010. During 2010, Mr. Lande received a discretionary bonus of \$70,000 and an award of \$400,000 for the successful completion of the IPO. Mr. Sassoon received a discretionary bonus of \$45,000 in 2010. The framework for calculating Mr. Putz's performance-based bonus differs from the completely discretionary bonus structure in place for Messrs. Lande and Sassoon because Mr. Putz is more directly responsible for sales and revenue generation, whereas Messrs. Lande and Sassoon are more directly responsible for the successful operations of the finance and control functions, strategic planning and analysis, business and legal components of our corporate infrastructure. Accordingly, the nature of his role makes Mr. Putz's performance more conducive to quantification through a numerical metric, whereas we believe that the performance of Messrs. Lande and Sassoon are best evaluated on a discretionary basis.

Long-Term Equity Incentives. We believe that our long-term financial success is achieved in part through an ownership culture that encourages our named executive officers to focus on our long-term performance through the use of equity-based compensation tools.

Prior to the completion of our IPO, we adopted the FXCM Inc. 2010 LTIP. The LTIP will be the source of new equity-based and long-term cash awards and will permit us to grant to our key employees, including our named executive officers, incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, other awards valued in whole or in part by reference to shares of our Class A common stock and performance-based awards denominated in cash or shares. To reward substantial efforts in furtherance of the IPO, our Compensation Committee granted certain of our named executive officers stock options to purchase our Class A common stock pursuant to the LTIP. We have not adopted stock ownership guidelines for our named executive officers and other key employees.

In connection with the IPO, we granted stock options to purchase an aggregate of 8,042,000 shares of our Class A common stock pursuant to the LTIP to certain of our employees. Messrs. Lande and Sassoon each received options to purchase 100,000 shares. Mr. Putz received options to purchase 20,000 shares due to his commission-based compensation structure. Because of the significant ownership interest that each of Messrs. Niv and Sakhai has in our firm and the resulting alignment of interests that these executives already had with our other equity owners, we did not award stock options to them at the time of our IPO.

Each such stock option to purchase our Class A common stock has an exercise price equal to \$14.00, our IPO price per share. Subject to the optionholder's continued employment, options will vest in equal annual installments over a four year period. In addition, each stock option agreement provides that the options will accelerate upon a termination by us without "cause" (as defined in the stock option agreement) or a termination by the employee for "good reason" (as defined in the stock option agreement), in each case within the two-year period following a "change in control" (as defined in the LTIP), and in the event of a termination due to death or disability will be deemed vested in any portion of the stock option that would have become vested within the 12-month period following such termination and, to the extent vested, will remain exercisable until the seventh anniversary of the consummation of our IPO, subject to earlier termination in connection with a termination of employment. Holders of stock options will not have any rights as stockholders with respect to the shares underlying stock options until such options are exercised and shares of Class A common stock underlying the stock options are actually delivered.

Annual Incentive Plan. The purpose of the annual incentive plan is to attract, retain, motivate and reward participants by providing them with the opportunity to earn competitive compensation directly linked to our performance. The annual incentive plan is to be administered by the Compensation Committee. The Compensation Committee may delegate its authority under the annual incentive plan, except in cases where such delegation would disqualify compensation paid under the annual incentive plan intended to be exempt under Section 162(m) of the Internal Revenue Code. Awards may be granted to our executive officers and key employees in the sole discretion of the Compensation Committee. The annual incentive plan provides for the

TABLE OF CONTENTS

payment of incentive bonuses in the form of cash or, at the discretion of the Compensation Committee, in awards under the Long-Term Incentive Plan.

Other Benefits. We also provide various other benefits to certain of our named executive officers that are intended to be part of a competitive compensation program. These benefits include:

- health insurance;
- dental insurance;
- disability insurance; and
- monthly allowances for personal expenses.

We believe that these benefits are comparable to those offered by other companies that compete with us for executive talent.

Severance and Change in Control Benefits

Each of Messrs. Niv and Sakhai is entitled to certain benefits upon the termination of his employment with us, the terms of which are described below under “Potential Payments Upon Termination or Change in Control.” We believe that these benefits are valuable as they address the valid concern that it may be difficult for these executives to find comparable employment in a short period of time in the event of termination and provide an incentive for these executives to comply with non-competition and non-solicitation covenants, which for a period of one year following the termination of an executive’s employment, prohibit the executive from participating in a business engaged in the foreign currency exchange business or other businesses undertaken or proposed to be undertaken by us and prohibit the executive from soliciting our customers or prospective customers or our employees.

Actions During Fiscal 2011

Our Compensation Committee has taken various actions during fiscal year 2011 with respect to compensation for our named executive officers. During 2011, the Compensation Committee reviewed an evaluation provided by independent consultants comparing the Company’s compensation of its executive officers with various peer groups. The Committee compared the results with compensation proposals for the executive officers. In addition, the Committee conducted an analysis of the roles of senior employees within the organization.

Insider Trading Policy

Our insider trading policy permits Directors, executive officers and other key employees to trade our securities only during limited window periods following earnings releases and only after they have pre-cleared transactions with the legal department, but, in no event, while in possession of material, non-public information.

Other than the Limited Liability Company Agreement of FXCM Holdings, LLC, which provides for guaranteed cash payments to Messrs. Niv and Sakhai, and Confidentiality and Restrictive Covenant Agreements with Messrs. Niv and Sakhai, we do not have written employment agreements or arrangements with our named executive officers. The initial base salary for an executive is established at the time we hire an executive officer, and each executive officer has an expectation that he will be considered for a discretionary cash bonus following the conclusion of each fiscal year. In addition, if Forex Capital Markets LLC is sold, Mr. Lande (1) is entitled to a one-time cash payment of \$350,000 at the time of the sale and (2) if his employment is terminated following the sale, is eligible for severance equal to one year of base salary of \$350,000 and a \$200,000 annual bonus.

Potential Payments upon Termination or Change in Control

Each of Messrs Messrs. Niv and Sakhai are afforded certain severance protections in the event of a termination of employment of either of them by us without cause or by either of them for good reason. In the event of such termination, subject to the execution of a release of claims against us and continued compliance with any applicable restrictive covenants, each of Messrs. Niv and Sakhai will be entitled to receive (1) an aggregate amount equal to two years of annual base salary, which amount will be payable in equal monthly installments over a 24-month period beginning on the 60th day following the termination date and (2) continued medical coverage for a period of 18 months following the termination date and, for six months after the expiration of the 18-month period, an amount equal to the premium we would have paid for such executive's medical coverage had such executive been actually employed with us, which amount will be payable on the first business day of each month.

Additionally, as per the Company's employment agreement with Mr. Lande, if Forex Capital Markets LLC is sold, Mr. Lande (1) is entitled to a one-time cash payment of \$350,000 at the time of sale and (2) if his employment is terminated following the sale, is eligible for severance of one year of base salary of \$350,000 and a \$200,000 annual bonus.

As of December 31, 2010, Messrs. Lande, Putz and Sassoon held unvested stock options exercisable into 100,000, 20,000 and 100,000 shares of our common stock, respectively, at an exercise price of \$14.00 per share. Each stock option agreement provides that, upon termination, to the extent the employee's option is not then vested and exercisable, an employee's option shall be immediately cancelled by FXCM, Inc. each option agreement provides that the options will accelerate upon a termination by us without "cause" (as defined in the stock option agreement or a termination by the employee for "good reason" (as defined in the stock option agreement), in each case within the two-year period following a "change in control" (as defined in the Long-Term Incentive Plan), and in the event of a termination due to death or disability will be deemed vested in any portion of the stock option that would have become vested within the 12-month period following such termination and, to the extent vested, will remain exercisable until the seventh anniversary of the consummation of our initial public offering, subject to earlier termination in connection with a termination of employment. There would have been no value associated with the accelerated vesting of stock options held by each of Messrs. Lande, Putz and Sassoon on December 31, 2010 because the closing price of our common stock on December 31, 2010 of \$13.25 per share was less than the option exercise price of \$14.00 per share.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and Directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such reports and written representations from our executive officers and Directors we believe that our executive officers and Directors complied with all Section 16(a) filing requirements during fiscal year 2010.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The agreements described in this section have been filed with the SEC, and the following descriptions are qualified by reference thereto.

IPO Transactions

On December 1, 2010, FXCM Inc. completed its initial public offering, including the exercise in full by the underwriters of their option to purchase additional shares, by issuing 17,319,000 shares of Class A common stock for cash consideration of \$13.09 per share (net of underwriting discounts). FXCM Inc. used approximately \$49.7 million of the proceeds from its initial public offering to make a contribution to FXCM Holdings, LLC in exchange for 3,800,000 newly-issued Holdings Units of Holdings, and all of the remaining proceeds to purchase 13,519,000 Holdings Units of Holdings from the non-managing members of Holdings, including members of our senior management. Of this amount, the following table sets forth the amounts that were received by FXCM's significant equityholders and their respective affiliated entities and by its directors and officers and their respective personal planning vehicles.

Kenneth Grossman	571,234	\$ 7,477,453
Eduard Yusupov	2,037,145	\$ 26,666,22

Exchange Agreement

In December 2010, we entered into an exchange agreement with the non-managing members of Holdings. Under the exchange agreement each non-managing member of Holdings (and certain permitted transferees thereof) may, from and after the first anniversary of the date of the closing of our initial public offering (subject to the terms of the exchange agreement) exchange their Holdings Units for shares of Class A common stock of FXCM Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. The exchange agreement provides, however, that such exchanges must be for a minimum of the lesser of 1,000 Holdings Units or all of the vested Holdings Units held by such non-managing member of Holdings. The exchange agreement also provides that a non-managing member of Holdings will not have the right to exchange Holdings Units if FXCM Inc. determines that such exchange would be prohibited by law or regulation or would violate other agreements with FXCM Inc. to which the non-managing member of Holdings may be subject. FXCM Inc. may impose additional restrictions on exchange that it determines to be necessary or advisable so that FXCM Holdings, LLC is not treated as a "publicly traded partnership" for United States federal income tax purposes. As a holder exchanges Holdings Units for shares of Class A common stock, the number of Holdings Units held by FXCM Inc. is correspondingly increased as it acquires the exchanged Holdings Units.

Registration Rights Agreement

In December 2010 we entered into a registration rights agreement with the non-managing members of Holdings pursuant to which we have granted them, their affiliates and certain of their transferees the right, under certain circumstances and subject to certain restrictions, to require us to register under the Securities Act of 1933, as amended, shares of Class A common stock of FXCM Inc. delivered in exchange for Holdings Units. Under the registration rights agreement, we have agreed to register the exchange of Holdings Units for shares of Class A common stock of FXCM Inc. by the non-managing members of Holdings. In addition, the owners of Holdings Units covered by the registration rights agreement have the right to request that we

TABLE OF CONTENTS

register the sale of shares of Class A common stock of FXCM Inc. held by them and may require us to make available shelf registration statements permitting sales of shares of Class A common stock of FXCM Inc. held by them into the market from time to time over an extended period. In addition, the owners of Holdings Units covered by the registration rights agreement have the ability to exercise certain piggyback registration rights in respect of shares of Class A common of FXCM Inc. stock held by them in connection with registered offerings requested by other registration rights holders or initiated by us.

Tax Receivable Agreement

As described above, FXCM Inc. purchased Holdings Units from other members of Holdings at the time of the IPO. In addition, under the terms of the exchange agreement described above, the members of Holdings (other than FXCM Inc.) may, from and after the first anniversary of the date of the closing of the IPO (subject to the terms of the exchange agreement), exchange their Holdings Units for shares of Class A common stock of FXCM Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. Holdings intends to make an election under Section 754 of the Code effective for each taxable year in which such a purchase or exchange of Holdings Units for shares of Class A common stock occurs, which is expected to result in increases to the tax basis of the assets of Holdings at the time of the purchase or subsequent exchange of Holdings Units that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that FXCM Inc. would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. The IRS may challenge all or part of the tax basis increase and increased deductions, and a court could sustain such a challenge.

We have entered into a tax receivable agreement with other members of Holdings that provides for the payment from time to time by FXCM Inc. to the non-managing members of Holdings of 85% of the amount of the benefits, if any, that FXCM Inc. is deemed to realize as a result of increases in tax basis and certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. These payment obligations are obligations of FXCM Inc. and not of Holdings. For purposes of the tax receivable agreement, the benefit deemed realized by FXCM Inc. will be computed by comparing the actual income tax liability of FXCM Inc. (calculated with certain assumptions) to the amount of such taxes that FXCM Inc. would have been required to pay had there been no increase to the tax basis of the assets of Holdings as a result of the purchase or exchanges and certain other assumptions. The term of the tax receivable agreement will continue until all such tax benefits have been utilized or expired, unless FXCM Inc. exercises its right to terminate the tax receivable agreement for an amount based on the agreed payments remaining to be made under the agreement or FXCM Inc. breaches any of its material obligations under the tax receivable agreement in which case all obligations will generally be accelerated and due as if FXCM Inc. had exercised its right to terminate the agreement. Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, insofar as the calculation of amounts payable depends on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including:

- *the timing of exchanges* — for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of Holdings at the time of each exchange;
- *the price of shares of Class A common stock of FXCM Inc. at the time of the exchange* — the increase in any tax deductions, as well as the tax basis increase in other assets, of Holdings is directly proportional to the price of shares of Class A common stock of FXCM Inc. at the time of the exchange;
- *the extent to which such exchanges are taxable* — if an exchange is not taxable for any reason, increased deductions will not be available; and
- *the amount and timing of our income* — FXCM Inc. will be required to pay 85% of the deemed benefits as and when deemed realized. If FXCM Inc. does not have taxable income, FXCM Inc. generally is not required (absent a change of control or other circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year

TABLE OF CONTENTS

because no benefit will have been actually realized. However, any tax benefits that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in previous or future tax years. The utilization of such tax attributes will result in payments under the tax receivable agreement.

We expect that the payments that FXCM Inc. may make under the tax receivable agreement will be substantial. Assuming no material changes in the relevant tax law, and that FXCM Inc. earns sufficient taxable income to realize all tax benefits that are subject to the tax receivable agreement, we expect that future payments under the tax receivable agreement relating to the purchase by FXCM Inc. of Holdings Units as part of the transactions associated with the IPO to aggregate \$75.4 million and to range over the next 15 years from approximately \$3.5 million to \$8.1 million per year and decline thereafter. Future payments to the non-managing members of Holdings in respect of subsequent exchanges would be in addition to these amounts and are expected to be substantial. The foregoing numbers are merely estimates and the actual payments could differ materially. It is possible that future transactions or events could increase or decrease the actual tax benefits realized and the corresponding tax receivable agreement payments. There may be a material negative effect on our liquidity if, as a result of timing discrepancies or otherwise, the payments under the tax receivable agreement exceed the actual benefits FXCM Inc. realizes in respect of the tax attributes subject to the tax receivable agreement and/or distributions to FXCM Inc. by Holdings are not sufficient to permit FXCM Inc. to make payments under the tax receivable agreement after it has paid taxes. Late payments under the tax receivable agreement will generally accrue interest at an uncapped rate equal to one-year LIBOR + 5%. The payments under the tax receivable agreement are not conditioned upon our owners at the time of the IPO continuing their ownership interest in us.

The effects of the tax receivable agreement on our consolidated statement of financial condition as a result of FXCM Inc.'s purchase of Holdings Units with proceeds from the IPO are as follows:

- we recorded an increase of \$88.7 million in deferred tax assets for the estimated income tax effects of the increase in the tax basis of the assets owned by FXCM Inc. based on enacted federal and state tax rates at the date of the transaction. To the extent we estimate that FXCM Inc. will not realize the full benefit represented by the deferred tax asset, based on an analysis of expected future earnings, we will reduce the deferred tax asset with a valuation allowance; and
- we recorded 85% of the estimated realizable tax benefit (which is the recorded deferred tax asset less any recorded valuation allowance) as an increase of \$75.4 million to amounts due pursuant to the tax receivable agreement and payable to related parties and the remaining 15% of the estimated realizable tax benefit, or \$13.3 million, as an increase to additional paid-in capital.

Therefore, as of the date of the purchase of the Holdings Units, on a cumulative basis the net effect of accounting for income taxes and the tax receivable agreement on our financial statements was a net increase in shareholders' equity of 15% of the estimated realizable tax benefit. The amounts recorded for both the deferred tax assets and the liability for our obligations under the tax receivable agreement have been estimated. All of the effects of changes in any of our estimates after the date of the purchase will be included in net income. Similarly, the effect of subsequent changes in the enacted tax rates will be included in net income.

In addition, the tax receivable agreement provides that upon certain mergers, asset sales, other forms of business combinations or other changes of control, FXCM Inc.'s (or its successor's) obligations with respect to exchanged or acquired Holdings Units (whether exchanged or acquired before or after such transaction) would be based on certain assumptions, including that FXCM Inc. would have sufficient taxable income to fully utilize the deductions arising from the increased tax deductions and tax basis and other benefits related to entering into the tax receivable agreement. As a result, (1) FXCM Inc. could be required to make payments under the tax receivable agreement that are greater than or less than the specified percentage of the actual benefits FXCM Inc. realizes in respect of the tax attributes subject to the tax receivable agreement and (2) if FXCM Inc. elects to terminate the tax receivable agreement early, FXCM Inc. would be required to make an immediate payment equal to the present value of the anticipated future tax benefits, which upfront payment may be made years in advance of the actual realization of such future benefits. Upon a subsequent actual exchange, any additional increase in tax deductions, tax basis and other benefits in excess of the amounts

TABLE OF CONTENTS

assumed at the change in control will also result in payments under the tax receivable agreement. In these situations, our obligations under the tax receivable agreement could have a substantial negative impact on our liquidity.

Decisions made by our owners at the time of the IPO in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by an exchanging or selling non-managing member of Holdings under the tax receivable agreement. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the tax receivable agreement and increase the present value of such payments, and the disposition of assets before an exchange or acquisition transaction will increase a non-managing member of Holdings tax liability without giving rise to any rights of a non-managing member of Holdings to receive payments under the tax receivable agreement.

Payments under the tax receivable agreement will be based on the tax reporting positions that we will determine. Although we are not aware of any issue that would cause the IRS to challenge a tax basis increase, FXCM Inc., the corporate taxpayer, will not be reimbursed for any payments previously made under the tax receivable agreement. As a result, in certain circumstances, payments could be made under the tax receivable agreement in excess of the benefits that the corporate taxpayer actually realizes in respect of the tax attributes subject to the tax receivable agreement.

FXCM Holdings, LLC Limited Liability Company Agreement

FXCM Inc. holds Holdings Units in Holdings and is the sole managing member of Holdings. Accordingly, FXCM Inc. operates and controls all of the business and affairs of Holdings and, through Holdings and its operating entity subsidiaries, conducts our business.

Pursuant to the limited liability company agreement of Holdings, FXCM Inc. has the right to determine when distributions will be made to unitholders of Holdings and the amount of any such distributions. If a distribution is authorized, such distribution will be made to the unitholders of Holdings pro rata in accordance with the percentages of their respective limited liability company interests.

The unitholders of Holdings, including FXCM Inc., will incur United States federal, state and local income taxes on their proportionate share of any taxable income of Holdings. Net profits and net losses of Holdings will generally be allocated to its unitholders (including FXCM Inc.) pro rata in accordance with the percentages of their respective limited liability company interests. The limited liability company agreement of Holdings provides for cash distributions, which we refer to as “tax distributions,” to the holders of the Holdings Units if FXCM Inc., as the sole managing member of Holdings, determines that the taxable income of the relevant unitholder will give rise to taxable income for such holder. Generally, these tax distributions will be computed based on our estimate of the net taxable income of Holdings allocable to a holder of Holdings Units multiplied by an assumed tax rate equal to the highest effective marginal combined United States federal, state and local income tax rate prescribed for an individual or corporate resident in New York, New York (taking into account the nondeductibility of certain expenses and the character of our income). Tax distributions will be made only to the extent all distributions from Holdings for the relevant year were insufficient to cover such tax liabilities.

The limited liability company agreement of Holdings provides that substantially all expenses incurred by or attributable to FXCM Inc. (such as expenses incurred in connection with the IPO), but not including obligations incurred under the tax receivable agreement by FXCM Inc., income tax expenses of FXCM Inc. and payments on indebtedness incurred by FXCM Inc., are borne by Holdings.

Statement of Policy Regarding Transactions with Related Persons

The Board of Directors has adopted a written statement of policy regarding transactions with related persons, which we refer to as our “related person policy.” Our related person policy requires that a “related person” (as defined as in paragraph (a) of Item 404 of Regulation S-K) must promptly disclose to our general counsel any “related person transaction” (defined as any transaction that is anticipated would be reportable by us under Item 404(a) of Regulation S-K in which we were or are to be a participant and the amount involved exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest) and all material facts with respect thereto. The general counsel will then promptly communicate that information to the Board of Directors. No related person transaction will be executed without the approval or ratification of the Board of Directors. It is our policy that Directors interested in a related person transaction will recuse themselves from any vote of a related person transaction in which they have an interest. Our policy does not specify the standards to be applied by Directors in determining whether or not to approve or ratify a related person transaction and we accordingly anticipate that these determinations will be made in accordance with principles of Delaware law generally applicable to directors of a Delaware corporation.

Indemnification of Directors and Officers

Our Amended and Restated By-Laws provide that we will indemnify our Directors and officers to the fullest extent permitted by the Delaware General Corporation Law (the “DGCL”). In addition, our Amended and Restated Certificate of Incorporation provides that our Directors will not be liable for monetary damages for breach of fiduciary duty to the fullest extent permitted by the DGCL.

On March 3, 2011, a purported class action lawsuit was filed in the United States District Court for the Southern District of New York against FXCM Inc., as well as certain of our officers and directors and three underwriters in our IPO. The complaint asserts claims under Sections 11 and 15 of the Securities Act, alleges false or misleading statements in the IPO prospectus regarding the Company’s business model and trading platforms, and seeks an unspecified amount of damages on behalf of persons who purchased our Class A common stock in the IPO.

TABLE OF CONTENTS

There is no other pending litigation or proceeding naming any of our Directors or officers to which indemnification is being sought, and we are not aware of any other pending or threatened litigation that may result in claims for indemnification by any Director or officer.

SHAREHOLDER PROPOSALS FOR THE 2012 ANNUAL MEETING OF SHAREHOLDERS

If any shareholder wishes to propose a matter for consideration at our 2012 Annual Meeting of Shareholders, the proposal should be mailed by certified mail return receipt requested, to the Secretary of the Company, FXCM Inc., 32 Old Slip, New York, NY 10005.

To be eligible under the SEC's shareholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in our 2012 Annual Meeting Proxy Statement and form of proxy to be made available in April 2012, a proposal must be received by the Secretary of the Company on or before December 31, 2012.

For nominations or other business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in writing to the Secretary of the Company, and, in the case of business other than nominations of persons for election to the Board of Directors, such other business must constitute a proper matter for shareholder action. To be timely, a shareholder's notice complying with the requirements set forth in our Amended and Restated By-Laws must be delivered to the Secretary of the Company at the principal executive offices of FXCM Inc. not less than ninety (90) days nor more than one hundred and twenty (120) days prior to the first anniversary of the preceding year's Annual Meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than twenty (20) days, or delayed by more than seventy (70) days, from such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. Public announcement of an adjournment or postponement of an annual meeting shall not commence a new time period (or extend any time period) for the giving of a shareholder's notice. Notwithstanding anything in this section to the contrary, if the number of Directors to be elected to the Board of Directors is increased and there is no public announcement by the Company naming all of the nominees for Director or specifying the size of the increased Board of Directors at least eighty (80) days prior to the first anniversary of the prior year's annual meeting of shareholders, then a shareholder's notice required by this section shall be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Secretary of the Company at the principal executive offices of FXCM Inc. not later than the close of business on the tenth day following the day on which such public announcement is first made by the Company; provided that, if no such announcement is made at least ten (10) days before the meeting, then no such notice shall be required. Any such proposal will be considered timely only if it is otherwise in compliance with the requirements set forth in our Amended and Restated By-Laws. The proxy solicited by the Board of Directors for the 2012 Annual Meeting of Shareholders will confer discretionary authority to vote as the proxy holders deem advisable on such shareholder proposals which are considered untimely.

HOUSEHOLDING OF PROXY MATERIALS

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as "householding," provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of the Proxy Materials by contacting the Secretary of the Company, FXCM Inc., 32 Old Slip, New York, NY 10005, (646) 432-2241.
